## MID RISE SCISSOR LIFT

### FEATURES

- » **3500 kg safe working limit**
- » **Certified to Australian standards, Worksafe Design Registered**
- » **Compact scissor lift, 1m lifting height**
- » **Fully electronic controls**
- » **Mobile or fixed mount design**
- » **Aluminium power unit**
- » **Available in 240V**
- » **Durable powder coating**
- » **Start up plate**
- » **Drive on ramps and platform extensions lock into position**
- » **Self lubricating bushes and bearings**
- » **Two different height lifting rubber blocks**
- » **Hydraulic oil supplied in the kit**

### BENEFITS

- Should be able to lift most passenger and light commercial vehicles
- Mandatory in a commercial workshop environment (All products are certified regardless of the environment)
- Ideal for narrow workshops, tyre shops, low ceiling height, car detailers, sign writers
- Ease of operation
- Versatile, e.g. can be moved around the workshop, including forecourts
- Avoids over-heating, quiet operation and longer service life
- Suitable for all workshop facilities
- Looks fantastic in any environment
- Consistent lifting, especially the first 100 mm (difficult on some scissor lifts)
- Act as platform extensions, suitable for longer vehicles
- Durable for long service life
- Provides flexibility for vehicle types
- Very convenient, no last minute running around trying to locate oil in small quantity or after hours (DIY installers)

### OPTIONS

- » **Approach ramp kit** Recommended for some European and performance vehicles
- » **Mobile kit** Easily relocated, move around the workshop
- » **SUV kit** Recommended for 4WD vehicles

### SAFETY

- » **24V controls with isolation switch** Maximum protection for the operator
- » **Mechanical safety lock** Scissor is securely locked while vehicle is elevated
- » **Electrical safety lock release** No need for a compressor or pneumatic connection
- » **Anti-surge valve** Applies flow control hydraulic system, prevents rapid descent
- » **Platform safeguards** Allows car to drive on from either side, prevents platform tilting, can drive on from either end

### WARRANTY

- » **5 years (structure) + 2 years (electrical & hydraulics) warranty** Some competitor products only have 1 year, extra peace of mind
- » **Tufflift Warranty** Parts and labour (excludes travel)
