BENEFITS

- Able to lift most passenger vehicles
- Mandatory in a commercial workshop environment (Tufflift provides on all products regardless of the environment)
- Ideal for limited space or low ceiling height, tyre service, wrapping and detailing
- Ideal for most passenger vehicles
- Versatile, e.g. can be easily moved around the workshop, including forecourts
- No maintenance, long service life
- Stable raising and lowering
- Makes the lift very versatile
- Easy installation and low cost
- Looks fantastic in any environment
- Suitable for all workshop facilities
- Very convenient, no last minute running around trying to locate oil in small quantity or after hours (DIY installers)

SAFETY:

- » Anti-surge valve
 - » Mechanical safety lock
 - » Manual safety lock release
- Applies flow control hydraulic system, prevents rapid descent
 - Scissor is securely locked while vehicle is elevated
 - Simple operation

WARRANTY:

- » 5 years (structure) + 2 years (electrical & hydraulics) warranty
 - » Warranty
- Other products only have 1 year, peace of mind
 - Parts and labour (excludes travel)
