

TY30030

Commercial Hydraulic Shop Press 30 Ton

SPECIFICATIONS

Capacity: 30000KG

Stroke: 160mm

Work range: 0-940mm

Gross Weight: 159KG

Freight Dimensions:

L 1700mm W 835mm H 380mm W 216KG

FEATURES

- » Heavy-duty H-frame constructed of high-grade steel and built to exacting standards for quality and durability
- » Lead-free paint finish is applied after a thorough chemical wash to ensure a long-lasting finish and to help prevent rust
- » Paint is oil, grease and dirt-resistant for easy cleanup
- » High quality large diameter hydraulic steel cylinder unit results in lower oil pressure needed to move the load, which helps to reduce wear and extend service life
- » Piston-ram is treated and polished to resist skiving
- » Piston-ram utilizes a Y-Style polyurethane sealing ring with backup ring, preventing load from falling slowly or bypassing oil drift
- » Hydraulics are powered with a high quality oil, which offers better corrosion resistance and high/low temperature flexibility, allowing the unit to operate at temperatures between 40 degrees F and 105 degrees F
- » Extra-long handle included for easy pumping force
